Business Continuity Support Memo

Together as a Nation we find ourselves dealing with an unprecedented situation. The COVID-19 (coronavirus) pandemic has been dynamic and intense for all of us this past week. Many of our Nation based businesses and entrepreneurs have been asking questions which would have seemed unthinkable just a few weeks ago. How will we overcome these obstacles and barriers? How can I best protect my business with the new costs accrued due to changes? How do I keep my business running and productive during these times of uncertainty?

Tla'amin Management Services would like to extend a helping hand to those Nation based business owners and entrepreneurs who have been directly impacted by the unprecedented events that have unfolded over the course of a week. If you require assistance in terms of grant referrals during these times of uncertainty, I encourage you to reach out to me directly at the TMSLP office. Our Nation is resilient, and we will get through this if we continue to support each other collectively.

One Heart, One Mind, One Nation:

Nanette Kapitan | Director of Finance
